

NEW HOA DISCLOSURES: 2019 Colorado Real Estate Contract Requirements

The Colorado Division of Real Estate has made big changes to the State-approved contract to buy and sell real estate.

The Division of Real Estate and the Colorado Real Estate Commission, working in conjunction with the Forms Committee, have adopted and finalized the 2019 mandatory contracts and forms.

As a result, effective January 1, 2019 the HOA disclosure requirements will substantially change, requiring a seller to provide: 21 specific documents.

This information must be provided by the contract deadline or the buyer has the right to cancel the contract.

A change of this magnitude has the potential to create chaos in the most efficient real estate professional's office.

Association Online (AO) can help you easily meet these changes without missing a single required detail with our tailored document services. We deliver:

Assurance: you will meet these complex reporting requirements. We understand HOAs, the information needed and can ensure all seller requirements are met. AO sources the HOA-provided documents and prepares the Fees and Charges List.

Cost Management: some HOAs charge high fees to provide this information. We work with the seller to minimize out-of-pocket fees while facilitating all up-front payment requirements.
